

Align-Pilates

Equipment Catalogue

2026-2027

Our Range at a Glance

Align-Pilates was created by **Pilates equipment specialists** with decades of experience in the industry. Our goal has always been to make Pilates more attainable through **streamlined designs** and **innovative, intuitive features**.

We act as a **reliable partner**, helping advise on the optimum equipment and setup to begin and **evolve your journey** as a Pilates studio or facility.

Pilates Reformers

A8-Pro Pilates Reformer

Silver

Features an **oversized design** and an option for High Legs, making it ideal for tall clients and rehab.

[Page 4-5](#)

C8-Pro Pilates Reformer

Silver | Noir

Our **best seller** and **most adaptable** Reformer. It is compatible with both a **Half and Full Cadillac**.

[Page 6-9](#)

C8-S Pro Pilates Reformer

White

Matches the core functionality of our best-selling C8-Pro, but with a **stylish white finish**.

[Page 10-11](#)

M8-Pro Pilates Reformer

Maple Wood

Perfect for studios seeking a **premium aesthetic**, without compromising on **functionality**.

[Page 12-13](#)

R8-Pro Pilates Reformer

Black | White

As a **Light Commercial** Reformer, it's **compact, lightweight**, and **ideal for new studios**.

[Page 14-17](#)

F3 Folding Pilates Reformer

Silver

Quick folding and a **Light Commercial** warranty make the F3 perfect for small, multi-use studios and homes.

[Page 18-19](#)

With our dedicated support team, we're proud to have built many longstanding, **collaborative relationships** with a variety of Pilates professionals.

Wherever your studio is heading, our attainable equipment is **designed to evolve** with **modular and adaptable features**, so you can start small and grow as your practice does, whilst relying on our equipment and team.

Other Pilates Equipment

Half Pilates Cadillac

Chromed Steel

Provides additional versatility and **expanded exercise options**, either to the Reformer or independently.

[Page 20–21](#)

Full Pilates Cadillac

Chromed Steel

Allows a **full range of Trapeze exercises** when added to the C8–Pro Reformer or with the standalone A2 Full Pilates Cadillac.

[Page 22–23](#)

Combo Chair III

Maple-Veneered Plywood

Used for **seated or standing resistance exercises** using a sprung pedal to build strength, control, and balance.

[Page 24–25](#)

Ladder Barrel RC

Maple-Veneered Plywood

The fixed rungs and curved barrel support **stretching, spinal articulation, and strength exercises**.

[Page 26–27](#)

Accessories

Complete your equipment and extend your repertoire

Including modular additions to your Reformer, matwork equipment, and spare parts.

[Page 28–29](#)

Pilates Reformer Comparison

Compare side-by-side technical specification

Explore differences between Reformer sizes, materials, weights, and more.

The A8-Pro Reformer

Our Oversized Reformer — Perfect for Accessibility and Rehabilitation.

The A8-Pro is designed for studios that want a Reformer that feels **calm, capable, and generous** in use. Its movement is smooth and quiet, supporting controlled work and creating a **composed teaching environment**.

What truly sets the A8-Pro apart is its sense of space; the carriage and extended carriage travel are **sized for taller clients**, making it ideal for studios with varied clientele. It also **supports high 64cm legs**, which facilitate rehab-focused work.

Now in its fourth generation, the A8-Pro reflects years of refinement into a versatile design that adapts to **studio and rehab use**.

The C8-S Pro Reformer

For the Aesthetic-Driven Studios, Without Compromising Functionality.

The C8-S Pro builds on the performance of the C8-Pro, re-imagined for studios that place an **emphasis on visual style** as well as function. With **cleaner lines and a more integrated design**, it brings a **refined, contemporary appeal**.

The enhanced form of the C8-S Pro brings the Standing Platform and Rope Risers within the frame with a focus on **clean, flowing lines**. The result is a reliable Reformer and matches your studio's aesthetic and supports high-quality teaching.

With many **shared components with the best-selling C8-Pro**, the C8-S Pro can always deliver in a studio environment, but with a developed aesthetic.

The M8-Pro Reformer

For the Premium and Classical Style with Contemporary Functionality.

The M8-Pro brings together **classical design** and **modern Reformer features** in timeless and elegant styling, creating a calm, considered alternative for studios that value both **performance and presence**. Crafted from **solid maple**, it has a warmth and visual depth that sits naturally in both contemporary and traditional interiors.

The **oversized carriage** accommodates a variety of body types, allowing clients to move with confidence, while the unique **T-Bar Rope Adjustment System** ensures the Reformer adapts quickly to different users. This makes the M8-Pro particularly well suited to studio settings where efficiency and versatility are key.

The R8-Pro Reformer

Black

Our Leading Light Commercial Reformer: Compact, Lightweight, and Ideal for New Studios

The R8-Pro is a Light Commercial Reformer **designed for facilities with lower usage requirements** (under 20 hours per week). Inspired by **classical Pilates geometry**, it reflects many of the proportions and set-ups of Joseph Pilates' original machines, while incorporating **contemporary adjustment systems** for practical day-to-day use and a **sleek, black finish**.

Well suited to **multi-purpose spaces**, the R8-Pro is **compact, portable, and can free-stand vertically** when used with a Jump Board. It features four Footbar positions, our Rapid-Change Spring Bar with three positions, and Pro-Rope adjusters for efficient setup between users. Supplied with four springs, it also allows space for an optional fifth spring of choice.

The F3 Folding Reformer

Our Innovative Folding Reformer — Perfect for Small & Multifunctional Spaces

The F3 is a folding Reformer within our **Light Commercial** range, designed to deliver the ride quality of our full commercial models in a **compact, space-saving format**.

Built to the standards of the rest of our range, the F3 features many of the same design features plus a **unique carriage** which is engineered so that the **wheels do not cross the fold**, ensuring **smooth, uninterrupted operation**.

The F3 is our **lightest Reformer** and folds quickly into a self-contained unit and can be **wheeled when folded or unfolded**, making it a **practical solution for small studios**, and **multi-use spaces** where a permanent set-up is not always possible.

Extend Your Repertoire with a New Dimension of Exercises for Your Reformer

Our Half Pilates Cadillac provides additional versatility and **new exercise options**, allowing a broader range of Joseph Pilates' original repertoire. It can either be **attached to one of our compatible Reformers** (upon purchase or added at a later date) or **fixed to a wall** for standing exercises.

The included Swing Through Bar, Roll Down Bar, and adjustable springs with Rapid-Adjust Double Eyelet Spring Holders facilitate **multiple customisable planes of resistance** for a huge variety of exercises.

Product Options

Key Features

Adjustable Components

Easy adjustments with our:

- Rapid-Adjust Double Eyelet Spring Holders
- Multiple eyelets for 10 different spring positions
- Adjustable-height Swing Through Bar and Roll Down Bar

Multi-Plane Resistance

Vertical exercise options from:

- Swing Through Bar
- Roll Down Bar
- Repositionable springs

Expanded Repertoire

Differentiate your studio:

- Vertical resistance for full-body work
- Supports more classical Pilates repertoire
- More exercise variety without additional floor space

Modular Add-On

Expand your studio at your pace:

- Can be added to compatible Reformers with the appropriate brackets
- Can be attached to a wall for standalone use

Quality Construction

Durability you can trust:

- Stainless steel frame
- Heavy-duty construction supporting 150kg user weight
- 10-year frame warranty

The Full Pilates Cadillac

Unlock the Complete Range of Trapeze and Tower Exercises

The Full Pilates Cadillac Frame offers **maximum versatility**, enabling the complete Trapeze Table repertoire within your studio. Compatible with the A2 Base Frame and C8-Pro Pilates Reformers, it creates a **comprehensive studio set-up** for traditional Cadillac, trapeze, and spring-based resistance work.

Supplied with Trapeze, Foot Straps, and foot support as standard, it supports a **wide range of strength, mobility, suspension and assisted exercises** drawn from Joseph Pilates' original system.

The Combo Chair III

Compact and Versatile: Ideal for a Range of Seated and Standing Exercises

The Combo Chair III is the latest evolution of our **Wunda Chair**, designed to deliver precise, controlled resistance in a compact footprint. Featuring a cushioned seat, sprung pedal, and adjustable resistance, it supports **targeted strength work** for the upper and lower body, while challenging balance, stability, and control.

Engineered for smooth and quiet operation, the Combo Chair III incorporates a revised pedal axle with roller bearings, a refined **split-pedal locking mechanism**, and rubber-coated spring hooks to reduce noise during transitions. A chromed spring tree enhances durability, ensuring **reliable performance** in dedicated studios.

Key Features

Adjustable Components

Easy adjustments with our:

- Split-Pedal allows separate or combined pedal movement
- Easy-access Spring Tree
- Adjustable-height vertical handles

Compact Addition

Utilise unused studio space:

- Small 55cm x 82.5cm (21.5" x 32.5") footprint
- Wheels for easy movement

Expanded Repertoire

Differentiate your studio:

- Introduces seated, standing and single-leg work
- Challenges balance and control
- Ideal for progressive resistance training

Modular Add-Ons

Expand your studio at your pace:

- Can be used with an A-Series Jump Board as a backboard
- Removable handles allow more traditional Wunda Chair functionality
- Eyelets at the base can be used with Resistance Bands

Quality Construction

Durability you can trust:

- Maple-veneered marine ply on steel frame
- Heavy-duty construction supporting 150kg user weight
- 5-year frame warranty

The Ladder Barrel RC

Designed for Spinal Mobility, Strength & Control: The Ladder Barrel RC Can Complete Your Studio

The Ladder Barrel RC (Rapid-Change) is designed for precise, efficient set-up, **allowing the barrel position to be adjusted** to suit different users and exercises with two quick-release cam levers for **smooth sliding adjustment and 31cm of travel**.

Revised to reflect more **classical proportions**, the barrel features a reduced diameter arc and updated dimensions for a traditional feel. An additional 5mm of EVA padding **enhances comfort in use**, while two padded standing boards are included as standard to support optimal set-up across a range of heights.
